Lifetime Sensor Pads

Lifetime Sensor Pads are available in many styles. Chair (seat), Bed and Floor. Exclusive **Sensor Strip** for Beds and Rails, allow total comfort and freedom of movement in bed. Pads are **super thin and patient comfortable**. Sensor Pads are slip resistant and **Completely Waterproof!** Complete with Soft touch sensor pad cover and mesh bag with an 8 ft. lead (except Chair-Seat Pad with 4 ft. lead).

Pads Quick Lock connect to Emergency Caller Universal Transmitters with RJ-22 plug. Lifetime Sensor Pads **directly replace** All disposal sensor pads. With **Lifetime Guarantee**, you never again need to be concerned about constant replacement and expensive costs! **Cleans Quickly with Standard Disinfectant Products.**

Sensor Pads detect both Applied Weight "Patient ON" pad or Removed Weight "Patient Off" Selection made by switch on Universal Transmitter Unit or other monitoring products.

Model P-1-22 Strip Sensor Pad 1" wide sensor strip mounts to bed mattress edge or on bed rails. Provides **maximum comfort** to patient. Signals when patient **attempts to exit** bed when legs or hips apply pressure to sensor strip at bed edge. Can be mounted on rail to detect attempts to grasp bed rail to exit. **Size: 1" x 30"**

Model P-2-22 Strip Sensor Pad 2" wide sensor strip. Mount on beds, chairs, floor and toilet. Mount on wall surfaces to provide **"Press for Emergency"** in bathrooms, etc." **Size: 2" x 30"**

Model P-3-22 Bed Sensor Pad mount against bed mattress directly under patient hip or back area. Lifetime Sensor Pads may be mounted **underwater** in shower, bathtub, etc. **Size: 14" x 24"**

Model P-4-22 Bed Sensor Pad mount against bed mattress or on floor to detect patient **exit attempts**. **Size: 18" x 24"**

Model P-5-22 Bed/Floor Sensor Pad **larger area coverage** mount against bed mattress or on floor. **Size: 24" x 30"**

Model P-6-22 Chair-Seat Sensor Pad signals patient attempts to exit. **For wheelchair** use (4 ft. cord), mounts under or on top of cushion. Can be used to detect patient in bathtub or shower for entry or exit (weight off or weight on). . . . **Size: 9" x 16"**

Model P-7-22 Chair-Seat Sensor Pad mount on longer and **narrow seating areas** such as spa edge, etc. **Size: 6" x 24"**

Model P-8-22 Floor Sensor Pad placed on floor near bed or other areas to detect exit or fallen patients. **Size: 24" x 36"**

Model P-9-22 Floor Sensor Pad **large area sensor pads** are placed on floor near bed or other areas to detect exit/entry or fallen patients. All sensor pads are slip resistant. **Size: 24" x 60"**

Model P-10-22 Corrugated Floor Sensor Pad **industrial duty** with corrugated material on top and bottom. Slip resistant to turning wheelchairs and gurneys. Beveled edges prevent tripping. Detect exit/entry or fallen patients. **Size: 24" x 36"**

**Sensor Pads are available with additional types of connectors, cable and lengths*

Soft Touch cover included P-6-22, P-3-22, P4-22
